

# Pathways

Youth and Family Services, Inc.

---

To Whom it may concern,

OMG Sounds has provided our organization DJ services for numerous events over the past years. They have volunteered their services providing entertainment to our staff and families on a continuous basis. Pathway's supports numerous events for children and families across San Antonio. Our Agency supports Foster Children, Children in Treatment Services, Hospital Sitter programs and has been the number one adoption agency in South Texas every year. OMG has been our featured entertainer in Talent Shows for Disabled Children, Summer Fun Parties and all of our Christmas Programming hosting 300-500 guests annually.

OMG is not just DJing, Joe is funny and knows how to help events move along. Timing is everything in entertainment and knowing when and how to step in to get things rolling and guest engaged is key. Since having Joe and OMG, it's been rare for our guest to leave without saying "We had a lot of fun tonight".

It is a pleasure to recommend Joe and OMG Sounds to anyone. I assure you that they will provide your guest with great entertainment and they will find it hard not to recommend others to your venue.

Best Always

Dan Johnson

Executive Director
